Subscription billing and renewal dates

Compare monthly with annual pricing, spot a four-week billing cycle and set a review date before renewal.

01 Compare monthly and annual subscription prices

A monthly plan is $8.50. The same service offers a $90 annual plan. If you keep it for all 12 months, how many dollars does the annual plan save?

Answer in dollars

02 Find a four-weekly charge hiding in your budget

In a 52-week comparison period, how much will a subscription billed at $8 every four weeks cost?

Answer in dollars

03 Put a cancellation reminder before the renewal

A subscription renews on the 14th. You want a review reminder three calendar days earlier. Which date should you enter?

- ▢ The 17th
- ▢ The 11th
